

FUSION. THE ORIGINATOR.

Handcrafted in France entirely from 304 stainless steel, Fusion innovated their patented dual plate cooking system by adding a cast iron subplate directly below the cooking surface. The cast iron plate accumulates and retains the heat while evenly transferring it directly to the stainless steel cooking surface, creating optimal heat distribution across the entire griddle for perfectly balanced cooking.

As the originators of this patented design, Fusion griddles outperform other griddles by delivering a consistent, 5-star cooking experience. Fusion's exceptional temperature control provides full-spectrum cooking capability, from gentle, low heat to searing-hot and everything in-between. Perfectly seared meats, delicate fish or crunchy vegetables, the Fusion achieves ideal results every time.

PATENTED DUAL-PLATE SYSTEM
CAST IRON & STAINLESS STEEL COOKING SURFACE

FUSION PATENTED TECHNOLOGY

The cast iron plate accumulates the heat then transfers it to the stainless steel cooktop for optimal heat distribution across the entire surface and perfectly balanced cooking.

EXCEPTIONAL WARRANTY

The stainless steel cook top and cast iron subplate are backed by a lifetime warranty. The burners are backed by a five year warranty, and all other parts are backed by a one year warranty.

SUPERIOR FIT & FINISH

Fusion griddles not only outperform their peers, their design and aesthetics elevate any outdoor kitchen. The stainless steel finishes are sleek and refined, and are unaffected by the outdoor elements. No rust. No discoloration.

FUSION ELECTRIC GRIDDLES

GEE40

Size: 16 x 15.75"
 One 1800W Electric Element
 One 120V Plug
 252 Sq.In. Cooking Surface

GEE75

Size: 30.5 x 15.75"
 Two 1800W Electric Elements
 Dual 120V Plugs
 463 Sq.In. Cooking Surface

FUSION GAS GRIDDLES

GFE40

Size: 16 x 15.75"
 One U-Shaped 304 SS Burner
 9,000 BTU Grilling Surface
 252 Sq.In. Cooking Surface

GFE75

Size: 30.5 x 15.75"
 Two U-Shaped 304 SS Burners
 18,000 BTU Grilling Surface
 463 Sq.In. Cooking Surface

GFE105

Size: 41.5 x 15.75"
 Three U-Shaped 304 SS Burners
 27,000 BTU Grilling Surface
 650 Sq.In. Cooking Surface

GFE160

Size: 29.375 x 15.75" (each)
 Four U-Shaped 304 SS Burners
 36,000 BTU Grilling Surface
 925 Sq.In. Cooking Surface
